

REHAKLINIK KNEIPP-HOF DUSSNANG MUSCULOSKELETAL REHABILITATION

Rehaklinik kneipp-hof Dussnang is 40 minutes from Zurich and 30 minutes from St Gallen by car. It is located near the border between the cantons of Thurgau and Zurich in the picturesque municipality of Fischingen with its famous abbey.

SPECIALISATION

Rehaklinik kneipp-hof Dussnang has many years of experience and expertise in musculoskeletal rehabilitation. It treats patients who have undergone orthopaedic or surgical procedures, or who have disorders of the musculoskeletal system. Through intensive interdisciplinary dialogue and close collaboration between individual medical professions, we support our patients after their hospital stay and help them regain their mobility and independence. The rehabilitation centre now also specialises in the field of geriatric rehabilitation and treats patients with age-related problems.
